

ICSAAM 2026

**13th International Conference on Structural Analysis of Advanced Materials:
September 6 - 10, 2026 Kalamata, GREECE**

Dear colleagues,

We are cordially contacting you to announce the upcoming 'International Conference on Structural Analysis of Advanced Materials' (**ICSAAM 2026**) to be held between the 6th and the 10th of September 2026 in the beautiful city of Kalamata, Peloponnese, Greece.

The **ICSAAM 2026** conference has been initiated more than a decade ago and is an International Conference, co-organized by different European Universities (University of Patras, **Greece**, University Politehnica of Bucharest, **Romania**, National School of Engineers of Tarbes, **France**, University of Porto, **Portugal**, University of Campania "Luigi Vanvitelli", **Italy** and University of Nicosia, **Cyprus**), where friends and colleagues working in scientific fields mainly related to engineering and biomechanics of polymers and polymeric composites, metals and ceramics, biomaterials and nanomaterials, applied to modern industrial applications, are gathered to exchange new ideas on subjects related to mechanical and structural analysis of advanced materials.

The scientific program will include keynote lectures, oral and poster presentations. Special sessions devoted to timely topics of Material Science will be organized. Furthermore, we welcome contributions from companies, including presentations of new instrumentation, novel applications and assessment of future commercial trends and applications.

ICSAAM 2026 is organized by the **Department of Food Science and Technology** of the **University of Peloponnese** which is located at the city of Kalamata, a region combining strong academic presence, industrial relevance, and cultural heritage.

We are kindly inviting you to save the dates of the conference and plan your participation at **ICSAAM 2026**. We do believe that your valuable contribution will make this conference more effective and successful.

With best regards,

Chairs of ICSAAM 2026

John Kapolos
Professor
University of the Peloponnese
e-mail: j.kapolos@uop.gr

E-mail: icsaam2026@gmail.com
Phone: +30-27210-45283

G.C. Papanicolaou
Professor Emeritus
University of Patras, Greece
e-mail: gpapan@upatras.gr

ICSAAM 2026

The 13th International Conference on Structural Analysis of Advanced Materials

6 - 10 September 2026, Kalamata, Greece

Co-organized by:

**ΠΑΝΕΠΙΣΤΗΜΙΟ
ΠΕΛΟΠΟΝΝΗΣΟΥ**
University of the Peloponnese

GREECE

**UNIVERSITY OF
PATRAS**

GREECE

Università
degli Studi
della Campania
Luigi Vanvitelli

ITALY

PORTUGAL

FRANCE

CYPRUS

ROMANIA

Information about the city: <https://www.youtube.com/watch?v=OeptKoF-7ms>

Conference Topics

Advanced structural characterization techniques	Additive manufacturing and advanced processing
Multiscale and multimodal analysis	Time-Dependent, Dynamic & Aging Phenomena
Computational modeling and AI-driven materials research	Extreme, Frontier & Non-Conventional Materials
Structural analysis in food systems and soft matter	Sustainable, Natural & Bio-Derived Materials
Biomedical and pharmaceutical materials	Smart Packaging
Civil engineering materials	Nanomaterials and Applications
Polymers, composites, and hybrid materials	Cultural Heritage, Art & Conservation Science
Energy, environmental, and circular economy materials	Ethics, Standards & Societal Impact
